A FAWN IS A BRAND NEW PET

Ashland, March 14.—(United Press)—Children of Victor Scheuren have a new pet nowadays.

Recently while the family was at breakfast there was a commotion in the rear of the house. Going out, Scheuren discovered a young deer with its back to the kitchen door, closely besieged by a pack of dogs, which had already torn shreds of flesh from the animal's body.

Driving off the dogs, Scheuren took the deer, a fawn weighing less than 100 pounds, to the stable. He put it in a pen and dressed its wounds.

Scores of persons have come to see the animal and the children are always on friendly terms with it.

GOVERNOR'S TENURE IN THE LIMELIGHT

Harrisburg, Pa., March 14.—(United Press).—“Resolved: That the administration of Governor Pinchot has been a success.” Affirmative—the Governor.

Charles A. Snyder. This is the little game under way today between the two most powerful of Pennsylvania's officeholders.

Governor Pinchot's announcement that he is about to issue signed stories telling of the first year of his administration has brought a statement from Treasurer Snyder, in a speech last night in Philadelphia, that he will write a series of articles telling what the governor “did to” the state in one year.

The governor's articles, it is understood at the capital, are to be furnished to every newspaper in the state. The newspapers to have the option of publishing them with the signature, “by Gifford Pinchot, written for (name of newspaper).”

Snyder's rebuttal series will likewise be offered for publication.

In what he terms a “prologue” to his series, Snyder last night told Philadelphians the commonwealth payroll had been increased \$115,497.81 per month in a year; that at least 75 non-residents of Pennsylvania had been employed by the state; that there had been no denial the chief executive had given state police the order to “break the law to keep the law”; that administration policy was responsible for “deplorable conditions” in state institutions; that the governor's requirement in regard to the 18th amendment was a “personal pledge of fealty,” and “separated the state from the governor.”

WANTS THE POST OF A COMMON CARRIER

Albert Nahas, of Bentleyville, will apply for the privilege of operating motor vehicles as a common carrier between Monongahela City and Monessen. A hearing on the application will take place in Pittsburgh on March 23. It is understood that Mr. Nahas will select a route leaving the business section of Main street, Monongahela, continuing along the Donora-Monongahela highway, crossing the bridge at Donora and completing the run to Monessen along the Webster-Monessen road. It is likely that the application will meet with considerable opposition from those operating motor buses from Donora to Monessen from those now operating buses between Monongahela and Elizabeth and from the Pittsburgh Railway company. Mr. Nahas' proposal to run a motor bus line from Monongahela directly through to Monessen is greatly favored by many residents who are employed at the Monessen mills.

MARKERS TO SHOW POINTS OF GREAT HISTORICAL RENOWN

Philadelphia, March 14.—Markers of appropriate design to be placed at points of great historical interest to the State of Pennsylvania will soon be distributed throughout the commonwealth if plans of the State Historical Commission work out.

Albert Cooke Myers, secretary of the state commission and Colonel Henry Paxson, both of Philadelphia, have been named a committee to prepare a design for the markers.

Residents of Fulton county have already petitioned the commission for a marker at the site of Fort Littleton.

BIBLE FROM 1478 IS THE LATEST RELIC

Oberlin, Ohio, March 14.—(United Press).—The latest relic added to the archives of Oberlin College here

is a Latin Bible of 1478. The volume was found in Germany by Professor E. H. Cox and forwarded. Marginal note in Latin are still visible. The initial letter on each page is a pen and ink sketch of some animal or man, the work of a monk.

DURING the recent sleet storm Western Pennsylvania was practically cut off from the rest of the world. The newspapers were full of details of the manner in which the West Penn System was striving to meet the requirements of this extraordinary situation. Performing hourly almost impossible tasks, the com-

pany restored Railway, Lighting and Power service to the disabled area in a very short time.

The manner in which this emergency was handled and the fact that no expense was spared in meeting it, demonstrates again the quality of SERVICE which the West Penn System strives to render.

WHICH TYPE ARE YOU?

The man who stands on the street corner with his hands stuffed down his pockets, his shoulders stooped and a sneer on his face is not worth anything to the community. He's the same one who says the volunteers at fire didn't know how to fight it—yet he never lends a hand. He's the one who complains about rats in the streets, but he has not paid any taxes or fees and does not help keep them in condition. He's the one who finds fault with the public school and its teachers, but never did anything in his life to improve them. He's the one who condemns everything and sees no good in anything.

You all know him and his type, and you seem foolish to waste our time on him. Yet we can't help devoting a moment to pointing out the fact that the sooner such citizens leave any community the better off that community is going to be. Contrast him with the man who is a booster and who can be counted on to help every worthy cause. This type of man pays his debts and his taxes, stands for everything that is for the betterment of Charleroi and the community and he never allows his enthusiasm for his home town to lag.

This type of man, and we have any of them here, is an asset to any community. It is men of this class who are responsible for all of the improvements that are made. We owe to him that we have as good streets as we do, that our school system is as modern as it is and that we live in a place we can boast of to our friends. Classify yourself and see which class you belong to, see which type you match. If you belong to the former it's time to wake up and take a tumble to yourself. If you belong to the latter class—more power to you!

It looks as if that spectacular clean up in Philadelphia may have been more spectacle than clean up, if General Butler, as reported, has at last found it necessary to arm his police with tear-gas sticks.

JUSTICE C. D. WILBUR ACCEPTS NAVY POST

(Continued from First Page)
He was district attorney of Los Angeles county, which he held from 1899 to 1903, and later was elected for a two year charge of the county a position he held until 1918, when elected an associate justice of California Supreme Court.

Wilbur made a notable record as a Supreme Court judge, organizing the Juvenile Court of Los Angeles, and adopting several Juvenile Court laws. Entering the Supreme Court for a 12-year term, he was elevated to the new executiveship last year.

Washington, March 14—(United Press)—Curtis Dwight Wilbur, chief justice of the California supreme court, has been offered post of navy secretary and is believed ready to accept. The White House today expected word from Judge Wilbur in San Francisco agreeing to take the place vacated by resignation of Edwin Denby, which Judge William S. Kenyon of Iowa declined.

Judge Wilbur, who was here recently, let it be known at that time that he would accept the cabinet post. He returned to San Francisco with the understanding that he would be ready to return to Washington on short notice.

Judge Wilbur is a graduate of the naval academy, and though his career has been devoted to the law he has always retained his interest in the navy.

Judge Kenyon's final refusal late yesterday to become Secretary of the Navy came after two conferences between President Coolidge and the former Senator and a day of hurried negotiations directed from the White House to effect some arrangement that would bring Kenyon in the cabinet. Kenyon followed the advice of his friends.

Kenyon would gladly accept appointment as attorney general, it was learned definitely today. He feels that in the department of justice he would have an opportunity to do a real public service.

honored guest was presented with a set of glass champagne goblets and hand painted cups and saucers in addition to many other useful gifts.

Oil Companies Are Taking Up Leases In Monongahela Valley

Coincident with oil and gas lease operators in Charleroi, North Charleroi and immediate locality, John A. Snee of Bunola, oil and gas well driller and owner of several successful ventures in the Bunola and Elizabeth districts, has caused oil and gas companies in the Monongahela district to take up leases in the surrounding districts, as a result of his activities. A thorough test for gas and oil before midsummer will likely be made in an effort to determine the possibilities that may exist in the districts. Snee, who drilled in two good producing wells a few months ago, recently secured two more wells, one on the Peterson homestead and another on the township road near the old Bunola mine. Snee has erected a derrick on the property of the Pittsburgh Coal company nearby and operations there will begin shortly. He is also cleaning an old well on the Peterson farm, which has been producing gas sufficient to serve a score of houses and farm dwellings in the Bunola district for 25 years. It is believed with the thorough cleaning the production of the well will be considerably increased.

YOUTH STEPS IN PATH OF AUTO

(Continued from First Page)
Impact of the collision put the car out of commission to the extent that it had to be towed to a nearby garage. Neil assisted Kirkland to the home of the young man's parents in Monessen, in another machine, where, after a physician had been called, it was found that his injuries were serious.

Occasionally, All four of the members of a quartet are unalterably convinced that the other three cannot sing, and sometimes they are right about it.—Sausage City Star.

Fidelity Above Everything. Nothing is more noble, nothing more and truth are the most sacred excellences and endowments of the human mind.—Cicero.

Oh, Yes, Radio Talks 'Em All. A northwestern fan in one evening heard radio programs in five different languages. This beats the three kinds of musical selections often heard—good, bad and indifferent.

MANY SEEKERS FOR SALVATION

The revival services continue to grow in interest. There were several seekers at the Free Methodist altar last night. There was quite a manifestation of the divine presence. It seems there are omens of an old-fashioned revival in Charleroi. This evening the Rev. Fuller will speak in the interests of Christian education before the regular preaching. The quarterly communion service will begin tonight. Rev. R. B. Campbell of Uniontown will have charge and preach over the Sabbath day. Evangelist Johnston will resume again Monday night. These meetings are of the Bible kind and you should not fail to attend. Come and hear the scripture preached in its purity. Brooks Morgan, Pastor.

INCOME TAX PAYERS ARE SWAMPING PHILLY

Philadelphia, March 14—(United Press)—Abandoning all hope that Congress is going to reduce income taxes in time to affect 1923 payments, thousands of persons here today are stampeding to file their returns before the time limit expires at midnight tomorrow.

Returns filed and payments made this year are far under the totals of last year, the decrease being explained by the hope for tax reduction. Internal revenue agents are working day and night in the attempt to handle the crowds which have overflowed the federal building and blocked traffic in the street.

BOY SCOUTS GATHERING IS POSTPONED

O. M. Wise, department commander, said this morning that the contemplated gathering of Boy Scouts at the High School building on Saturday, March 16, at 1:30 p. m., ready for field work, had been postponed until weather conditions are more propitious. This is inclusive of all scouts in Charleroi council ready for tests in fire-building, cooking, compass-tracking and scout pace.

How to Tell Them Apart.

An old war correspondent was attached to the Chilean army during a struggle with Peru.

On one occasion he complained to a general that owing to the absence of uniforms on either side he found it difficult to distinguish the combatants.

"Oh, it's quite simple," returned the general, cynically. "If you see a man running toward Chile he's a Chilean; if he's running toward Peru he's a Peruvian!"

Not the Same.

A little fellow was learning from his aunt about Grant, Lee and other famous leaders of the Civil war. "Is that the same Grant we pray to in church?" he inquired innocently.

"Pray to in church? You are mis-taken, dear," said the aunt.

"No, I'm not," he insisted, "for during service we always say, 'Grant, we beseech Thee, to hear us.'"—Boston Transcript.

WAGE QUESTION AGREED UPON

The salary board has finally agreed upon the salary of John F. Curran, inspector of weights and measures which was set at \$200 per month at a called meeting of the salary board of Washington county yesterday afternoon. This is the same as Mr. Curran received last year.

Mr. Curran was reappointed to this office on January 1, but ever since then the board has been deadlocked over his salary. An agreement was reached yesterday with the understanding that a new program be outlined for this department, as well as other departments, and a detailed report submitted to the board each month.

Bishop Tyler Impresses In His Speech

Those who failed to take advantage of the opportunity of hearing Rt. Rev. John Poyntz Tyler, D. D., bishop of North Dakota, speak at the Trinity church, Monessen, last evening, certainly missed one of the most interesting, impressive and eloquent speeches that has been held within the church walls for some time. A giant-like man, Bishop Tyler towered far above his audience, in his southern accented talk he told them what the Episcopalians were doing for missionaries especially in North Dakota, a state three times the size in area, of Pennsylvania. He told them that the money on the red-painted side of the pledge envelope was doing for the Indians in that state and to what great extent the Episcopal church had established itself in the

boasted of the climate, the products, the transportation in the western section which he is working assiduously for and prophesied that within a 109 years it would be thickly settled with booming and large cities. The bishop illustrated his talk with pictures.

Pr. Sidney H. Dixon, local pastor, and Rev. Albert N. Roberts, of Monessen, assisted with the service, which came to a close at 10 o'clock. Bishop Tyler will visit many other parishes before his return to North Dakota, spreading the good news of his work.

U. S. MARSHALS ARE LOOKING FOR ONE JAMES G. DARDEN

Washington, March 14—(United Press)—A strangely missing witness occupied the center of attention in the oil scandal inquiry today.

Senator Thomas J. Walsh chief of the Senate prosecutors issued an order for a nation-wide search by United States marshals to bring Jas. G. Darden of the Mutual Oil Company before the committee.

A subpoena was issued for Darden nearly three weeks ago but process servers in half a dozen cities have been unable to locate him.

Additional importance has been added to his disappearance by recent developments. The committee now is anxious to ascertain from him just what, if any, official pressure he brought to bear to protect certain claims to Teapot Dome.

Intimations have been given the committee that he is "the friend" of the late President Harding who attempted to restrain the dispatch of marines to the naval oil reserve in August, 1922.

The Daugherty investigating committee learned from Rexie Stinson, divorced wife of the late Jess Smith, that Darden was a good friend of Attorney General Daugherty and that Smith had informed her of "some deal" between them to exploit the government oil lands.

The committee in open session today went into three angles of the investigation summoning to the stand:

1. Federal trade commission accountants to report results of their "three weeks' examination of brokers' books and reveal the full extent of oil stock speculations by Daugherty and Senator Davis Elkins.

2. Price McKimney, friend of former Secretary of the Interior Fall to ascertain if Fall approached him first regarding the loan of \$100,000 finally obtained from E. L. Doherty.

3. Henry Woodhouse, New York writer, said to have obtained information that the British government was receiving some of the royalty oil from California reserves through Doherty.

COMMITTEE KEPT IN THE DARK BY A WOMAN

Washington, March 14 — (United Press)—Raven-haired Roxie Stinson, speaking for a dead man she loved, and who sealed his own lips with a bullet, kept even the Senate Daugherty investigating committee in the dark today as to the next turn her amazing story will take.

"The committee itself does not know what new facts concerning the relations of Jess Smith and Attorney General Daugherty this woman may tell at any time," Senator Wheeler, chief prosecutor for the committee, admitted as he prepared to put Mrs. Stinson on the stand for the third consecutive day.

Others besides the committee have tried to force from Mrs. Stinson her knowledge of the dealings of Daugherty and Smith, she has disclosed.

Bad Backs Bring Suffering to Many Charleroi Folks.

A. W. Pennline, 713½ Crest Ave., Charleroi, says: "My kidneys became weak and sharp pains took me in the small of my back and I felt badly all over. When I stooped, the pains dug in deeper and I could hardly straighten again. My work obliged me to be on my feet all day and at night my back was lame and sore. My kidneys didn't act often enough. After using Doan's Pills, I was completely cured." Price 60¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Pennline had. Foster-Milburn Co.
